**Subject: Response to your FOIA request with Chicago Park District
FOIA No. 5131**

Dear Ms. Seidel:

On December 28, 2022, Chicago Park District (the "District") received your Illinois Freedom of Information Act ("IL FOIA") request seeking the following:

"I am writing to request the following relevant documents related to the new construction of an "archival" facility adjacent to the Humboldt Park Refectory & Stables, specifically:

1. Soil evaluations on file for the construction area
2. Soil engineer/engineering reports evaluating soil testing and recommended depth of footings
3. "Boring logs" from soil evaluation (mentioned on NMPRAC drawings sheet titled "Structural Notes")
4. Results from "test cylinders" notes on the "Structural Notes" page of the NMPRAC drawings"

Thank you for agreeing to extend the response time [under 5 ILCS 140/3(e)] so that I could do a more thorough search. After an exhaustive look-through of the requested documents, we have determined that the District is not the custodian of the documents you have requested; there are no responsive records for copy and inspection, as the District does not have documents that you seek concerning "soil evaluations," "soil . . . reports," "boring logs," and/or "test cylinders."

Thank you,

/s/Jennifer Olaya
