2. Significant Historical Event
3. Significant Person
4. Important Architecture
5. Important Architect
6. Distinctive Theme as a District

...and must meet the “Integrity” criterion.
HOW DISTRICTS ARE CREATED?

The creation of Chicago Historic Landmark Districts is typically the result of a community’s desire for Recognition, Appreciation, Protection and a Voice.

Support Required:
1. Consent of a Majority of Community Residents
2. Support of Alderman and Chicago City Council
3. Approval of Chicago Commission on Landmarks

Critical Milestones:
- Preliminary Landmark Status
- Final Landmark Designation Report
- City Council Vote and Designation
BENEFIT #1: Protect Your Investment

1. Landmark Districts protect investments in historic properties

- Insensitive and poorly planned development often undermine property values.
- In contrast, Landmark Districts encourage people to purchase and rehabilitate properties because they know their investment will be protected over time.

BENEFIT #2: Faster Appreciation

2. Within Landmark Districts, properties appreciate at greater rates than the overall local market

- Landmark Districts appreciate faster than similar, non-designated neighborhoods. Findings on this point are consistent across the country.

- Additionally, recent analysis shows that historic districts are less vulnerable to market volatility from economic downturns.

- In neighborhoods of impacted by disinvestment or experiencing gentrification, Landmark Districts typically have a stabilizing effect as the value of a property resides in the existing buildings and units, not the land for new construction.

3. Landmark Districts encourage better and higher quality design

Better design equals...

- a greater sense of cohesiveness,
- more innovative use of materials
- and greater public appeal.
- all of which are shown to occur more often within designated Landmark Districts than non-designated ones.
